Precautions

Do not apply on :

- Wounds or mucous membranes such as the lips and around the eyes (may cause irritation)
 - Those with severe injuries
 - Those undergoing treatment
 - Those with a family history of allergies
- * Symptoms may worsen or side-effects may appear if not properly used.

Consultation :

- Those who have had allergic reactions to any medicine in the past should consult a doctor or pharmacist before using this product.
- Stop applying this product and consult a doctor or pharmacist with this drug information if rash, itching, or inflammation occurs after using this product.

Cautions for handling and storage :

- Store tightly closed in a cool place out of direct sunlight
- Keep out of reach of children and people with dementia
- Do not transfer to other bottles (It may cause misuse or change the quality)
- Use in a well ventilated area
- Keep away from fire
- In the case of early-stage fire extinguishing, extinguish with a large amount of water or a fire extinguisher
- Since it contains alcohol, it may discolor if it gets on painted surfaces such as floors or clothes
- If the tip is clogged, remove the clog before using.

Administration precautions

- When used by children, use under parental supervision
- Avoid contact with eyes. If it gets in your eyes, immediately wash with water or lukewarm water. If symptoms are severe, consult an ophthalmologist
- External use only
- Remove dirt and dry before using

- For product development purposes, products are subject to change without notice.
- Because print and photo quality vary, products may appear different than depicted in this brochure.
- This brochure is valid as of August 2023.
